

MAN CODE - North Central Jurisdiction of United Methodist Men

Living God's Plan by...

Who we are becoming...

What we are doing...

This Man Code demonstrates our commitment to Love the Lord and love our neighbors. It reinforces our Vow to the United Methodist Church "to faithfully participate in the churches ministries by our prayers, our presence, our service, our gifts, and our witness." and our Pledge to the UMM Purpose. We demonstrate this code as a group and support it with our individual covenant agreements.

With God's help strengthening prayer we commit to:

Surrender to Him through unceasing prayer and devotion. Our organization intentionally reinforces Jesus's call to a life of prayer. As servant leaders our intentional, habitual prayer guides our decisions and actions. Our actions are bathed in group prayer and supported by our personal prayer life. **We are people of prayer.**

With God's help strengthening our presence we commit to:

Surrender to Him through our presence as Christian leaders. We are present in our relationships. First with God and then with our families and communities of faith. Scripture and devotion are keys to our pursuit of God. Presence is the key to our relationships. We are judicious in our use of time. Our use of time is the measure of our commitment. **We are visible, engaged, active participants.**

With God's help strengthening service we commit to:

Surrender to Him as servants and servant leaders. As the hands and feet of God to a community of believers we follow John Wesley's direction to: "Do all the good you can. By all the means you can. In all the places you can. All the times you can. To all the people you can. As long as you can." **We are servant leaders and ours is a life of service.**

With God's help strengthening giving we commit to:

Surrender our gifts to Him through demonstrating extravagant giving. We witness through sharing ourselves and the gifts God has entrusted to us. We use our giving to serve one another humbly in love and demonstrate kindness and goodness. **We are generous people.**

With God's help strengthening our witness we commit to:

Surrender to Him through the actions of our daily life. We are intentional and unafraid to share God's blessings. The blessings in our lives and of His glory. We are obedient in our love for God and our neighbors. **We are people of God.**
